

Sunday July 12.

Dear Nancy & Harry

Your dandy letter - very much enjoyed. But what a surprise - to think you may go to India - instead of James & Joan? What changed your idea or plans - How would you learn the Indian language - a fact what is the Indian language - won't you have to have a knowledge of it before you apply for your scholarship? or will you be English? you must be young - I don't want to see you go away but I expect you have your reasons for changing your plans. I will be interested in reading your ideas - right now I am in Washington State & you are getting all set - for Washington State & all points west. I hope it will be cooler weather than it has been the last two weeks - and I expect it will. I understand it is delightful in the Northwest, especially in summer & fall.

May & June - I have been around here all by myself & especially since last Wednesday - I think I had a most delightful week - end with K. J. & Judy - & had a most delightful & delightful trip - The trip down & Thursday was pretty hot - but it cooled off by evening - & May 2. had a change to go in her - three times - so she was in the heaven - some of the neighbor children & youngsters she played with while we lived in Swanton - took her to Rose - Valley Park - then to the Sun Hill Park - which is so large & beside picnic etc - she had a real vacation - looks so brown - they were two picnic planned for all of us - Janet Lyon & Meland had us all over truly even for a picnic supper on their porch - hot hamburger - I had of all the things - I understand - this house is so cool - & just outside front side entry - large screened porch - beautiful trees & shrubs - did you ever get one these Nancy - don't remember - a lovely place - with a brook running through the front yard. Then Saturday evening the "Kents" took us out to the Rose - Valley Park - for dinner &

public supper - Sunday we played badminton
& ate our Bud, Poch, Jace very relaxing & fun
I'm getting a little better at hitting that "Birdie"
although Judy B - can beat every game we play
decided Sunday that it would be nice if John & Judy
& Katherine would all drive back with us Monday
morning & stay a couple of days - since they had not
been up to see us since we moved - so we packed
a picnic lunch - & drove up thru New Hope - stopped
at an old lunch in the picnic park at New Hope
which is as nice as then we drove up to New York
Bronx - got here about 3 P.M. It rained that evening
so we didn't do anything - but Tuesday we went
down to the United Nations - sat in on one of the meetings
& also took the tour - the guide thoroughly enjoyed it
& then we met the Allegri for lunch - you remember
Lucy's Club - & Nancy & Lois - don't you Nancy - we ate at
"Jojo's Shop" - just think that ever been there - food very
good - Chick - I went back to his office - & the rest of us
went to Radio City to see the show - got out about
6 o'clock - but we were to try to stay & see
play - but we had planned - so we came on home
then Wednesday morning we went down to see the
Museum of Natural History - Judy is so interested in
all their exhibits - with a wonderful place - the
first time I had been there - we really walked around
every - ate our lunch at the museum - & by the way
there is a good cafeteria there - then came home & the
fell left for Swanton at 3 P.M. - I had other things
persuaded them to stay longer - I had an appointment with
for them to do - but Judy had an appointment with
the head librarian at Breck - I intended the next morning
for a surprise job - in the library at Breck & they had
to get back for her sake - but they know the road now &
I hope to persuade them to come again soon - It is
very quiet around here since Wednesday - so I decided
it would be a nice time to have the Dixons - out for
a couple of days - I hope they are now home from their
wonderful trip - I want to hear all about it - I
am writing this before they come - so hope they will be
able to get it finished - Daddy has now been away
3 weeks - it hardly seems possible - the long

in the daytime - but the evening seems long without
him - I have had a nice letter & then a postal
card & he says the job is coming along good this week
and he is staying out near the Air-Base at Dreux
in a hotel called Hotel d'Forest - at Senonches France
so your car address here there - or close to the
office in Paris - which is the same address as
last year - 70 of Parson & Poor
1 1/2 Rue Francois Bonnard
Paris 16, France

I got my letters both places - so he must get them
- he comes into Paris on the week - looks like he
of course some one is going back & forth - so he
will get social - I know he would enjoy a letter
from you very much - if you send it air mail &
write on thin paper like this - will cost 15¢.
We are waiting to see if the Browns will come soon
before we go over to Buckley to see Fren & Jargie.
Kash feels like she should be there when they get
back - & she has lots of the things stored - but if they
don't come pretty soon we will have to go without seeing
them - I want to be here in early Aug. I expect
you will be getting back then - then you found your
& brother's of your car - & how about shorts & blue jeans
equipment - I expect you will travel on hitch-hikers - which
want to money - Don't pick up any hitch-hikers - which
day do you leave - & just how long will you be away -
you will have to leave us some address - to reach
you somewhere on your trip -
I'm very happy to hear you & your mother & father will
be here in D. U. for a few days - I will expect to hear
from them & if they can just come out - I'll plan
to meet them in town. I haven't seen your mother
since your wedding - will write you again when
I have more news - I'm so glad you did enjoy your
trip last - it was wonderful to see you both again
& see how you were every minute. Do
begin to come again whenever you get + some permit
for we are so many miles apart. You gave us all
a great treat being with us & we love you both
dearly - write again - with love
