

"You"

yellow, pink, blue, racing, skipping, dancing
beauty. Your enthusiasm for each minute
your generosity beyond paint for those minutes
gives me the challenge to be ^{just as} equally sensitive.

thought. Very meaningful, exact and
adding to our discoveries.

You are equally inspiring in acts
or in appearance. You have a quality of
beauty that is always growing and
never conquered. - As few are, you
will always be beautiful.

"us" (Implicit)
