REPLY AND REFER TO

Dear Nancy:

Am enclosing your Income Tax Statement. This is all filled out and ready to send in when you date and sign it. Suggest you sign and mail in right away and thus get your refund sooner. <sup>Fear off and</sup> Keep your half.

Enjoyed your letter and card. Your Mama was thrilled to know you like her package.

The last word from Grandma Hurdin was good. Hope you have written her. She is <sup>so</sup> lonesome no doubt and <sup>you know how</sup> ~~that~~ time drags in a hospital.

We are all O.K. Xmas tree down and back to normal. Mary has her telephone

system in and operating between  
her room and the kitchen. It is  
quite handy & saves both way and  
wanna lots of steps. It works fine too.

The concrete block is being manufactured  
for the first time today out at the  
plant in Conshohocken. I am going  
out this afternoon to inspect the  
operation. Last Wednesday we had  
a little pot back out there when the  
office building burned down. Total  
loss - but fortunately I had all the  
block drawings <sup>drawings</sup> and the block machine  
were out on the lot being erected at  
the time.

Hope you are enjoying yourself  
and making straight A's.

Regards to Eddie and Sue  
and all the rest of the gals.

Good luck & Bye  
Dad
